I am glad to learn that COSIDICI, an apex body of all the State Level Financial Institutions (SLFIs), is engaged in promotion, development and financing of small medium and large scale industrial ventures, together with development of infrastructural facilities in different states.

The publication of bi-monthly magazine titled "COSIDICI COURIER" will help the common people to understand the objective of this apex body promoting and encouraging entrepreneurial skills and ambience among people to take up different business ventures. The Magazine highlighting comprehensive information pertaining to various promotional and development schemes of our State Corporations that benefit the promoting and potential entrepreneurs, to prioritize and work out tangible business ventures of their own.

I highly appreciate the initiatives taken by COSIDICI in the interest of our educated youths finding their own spheres of economic activities.

With best wishes

(Pawan Chamling)
